## Fruit dumplings workshop

14.30 departure from faculty

During the workshop you will learn how to cook Czech apricot dumplings. You will learn the names of ingredients in Czech, how to prepare the dough and after the cooking we will also eat them. As one of Czech saying puts it: What you cook for yourself, then you have to eat. (And it is true not only about food:-)

**Hana Hejlová**

*At the summer school, we will meet in the kitchen while cooking Czech specialties and on trips. I am looking forward to it so much! I also teach Czech for foreigners during the year, as well as English for deaf and hard-of-hearing students and conduct physical education lessons. Work is my hobby and hobbies are a little bit of my work. I like to go to the ballet and lie (ideally on a deck chair by the sea) and read whatever I can get my hands on.*
