14.30 departure from Karolinum

Important Czech women I.

On our pleasant walk through the Hradčany district, we will get to know selected female figures from the 18th to the early 20th century. We will talk not only about their exceptional social status but also about their often difficult personal lives.

Hana Diringerová is an experienced teacher of Czech for foreigners who has been collaborating with the LŠSS for 30 years. For her, teaching Czech is an adventure, just like discovering interesting and inspiring people and aspects of Czech culture and history.
